IMPORTANT CONSUMER DISCLOSURES

1. Right to Choose

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

2. Cash Advance Items

This list does not include prices for certain items you may ask us to buy for you, such as cemetery or crematory services, flowers, and newspaper notices. The prices for those items will be shown on your bill or the statement describing the goods and services you selected.

3. Embalming Disclosure

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require it, such as direct cremation or immediate burial.

4. Casket Disclosure

The law does not require a casket for direct cremation. If you want to arrange a direct cremation, you can use an alternative container. Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without an outside covering). A complete price list will be provided at the funeral home.

6. Preneed Statement

North Valley Cremation and Funeral Services does not currently accept preneed payments or enter into preneed contracts. All services are arranged and paid for at the time of need.
